

The Blink Of An Eye

This tune started out as a slow air (Wink Of Her Eye) in "O'Neill's 1850". Bill Black who runs <http://capeirish.com> has been transposing "the 1850" to abc and in the process created dance-form versions of over 100 of the slow airs. I'll be featuring several of these in weeks and months to come.

Jig
D Major
